Instructions for the exercise:

1. Create a five-slide presentation using the *Blank Presentation* option. Use the content shown on the slides below for your presentation.
2. Create a folder in My Documents. Use your Registration number as the name of the folder (example, if your Registration number is BACS/01/19, the name of the folder will be bacs0119).
3. Save the presentation as Kalowa Open University in the folder you have created.
4. Replace the text **Write your Registration number here** on Slide 1 with your Registration number.
5. Choose a suitable background for your presentation. Do not use preformatted slide templates.
6. Include slide transition and animation of your choice. Make all slides advance both on mouse click and automatically after 0.05.
