Essay writing

According to the Mzuzu University Student Handbook (2019) plagiarism is the "unacknowledged use of another person's intellectual material or ideas, and as such it is a serious academic offence" (p.8). While this information is made public in class and outside, students continue to plagiarise. Discuss the concept and causes of plagiarism among university students. In your discussion explore the roles that lecturers, researchers, or publishers play in influencing plagiarism.
